

English Language Arts • Grade 5 • Claim 1 • Target 2

Grade 5

Claim 1

Reading

Students can read closely and analytically to comprehend a range of increasingly complex literary and informational texts.

Target 2

Central Ideas

Identify or determine a theme or central idea from details in the text, or summarize the text.

Standards

RL-1

Quote accurately from a text when explaining what the text says explicitly and when drawing inferences from the text.

RL-2

Determine a theme of a story, drama, or poem from details in the text, including how characters in a story or drama respond to challenges or how the speaker in a poem reflects upon a topic; summarize the text.

Clarifications

Items may assess a theme or key event in the text.

Items will not ask students to summarize the entire text; students will summarize a key event(s) or idea(s).

Item may assess the key details in the text that support a theme or central idea/main idea.

All items should require students to cite specific textual evidence to support conclusions drawn from the text(s).

Range Achievement Level Descriptors

Level 1

Level 1 students should be able to minimally identify or summarize central ideas/key events in texts of low complexity.

Level 2

Level 2 students should be able to partially identify or summarize central ideas/key events in texts of moderate complexity.

Level 3

Level 3 students should be able to adequately identify or summarize central ideas/key events in texts of moderate-to-high complexity.

Level 4

Level 4 students should be able to thoroughly summarize central ideas/key events in texts of unusually high complexity.

Evidence Required

1. The student will determine a theme or central idea/main idea of a text using supporting evidence.
-

Item Guidelines

Depth of Knowledge

R-DOK2

Level 2 includes the engagement of some mental processing beyond recalling or reproducing a response; it requires both comprehension and subsequent processing of text or portions of text. Intersentence analysis of inference is required. Some important concepts are covered but not in a complex way. Standards and items at this level may include words such as summarize, interpret, infer, classify, organize, collect, display, compare, and determine whether fact or opinion. Literal main ideas are stressed. A Level 2 assessment item may require students to apply some of the skills and concepts that are covered in Level 1.

R-DOK3

Deep knowledge becomes more of a focus at Level 3. Students are encouraged to go beyond the text; however, they are still required to show understanding of the ideas in the text. Students may be encouraged to explain, generalize, or connect ideas. Standards and items at Level 3 involve reasoning and planning. Students must be able to support their thinking. Items may involve abstract theme identification, inference across an entire passage, or students' application of prior knowledge. Items may also involve more superficial connections between texts.

Allowable Item Types

Multiple Choice, single correct response

Multi-Select, multiple correct response

Evidence-based Select Response, two-part multiple choice response (EBSR);

Hot Text, select text

Short Text, constructed response (WR)

Stimuli

Passages

Texts will contain one or more themes, central ideas/main ideas, and/or key events.

Refer to Smarter Balanced Assessment Consortium: English Language Arts & Literacy Computer Adaptive Test (CAT) and Performance Task (PT) Stimulus Specifications for more information on literary text types.

Dual-Text Stimuli

When a dual-text set contains one literary and one informational text, the literary text (text #1) is the primary focus, and the set of items must include items from the literary stimulus as well as items written across both texts. The informational text (text #2) must only be used as a foundational piece for the literary text, and no items can be written for only the informational text. If both texts are literary, items may be written to either or both texts. In all dual-text stimuli sets, between 25 and 40% of the items should be written across both texts.

When developing items from dual-texts, Task Model 5 (short-text constructed-response--WR) should be written using the *Appropriate Stems for Dual-Text Stimuli* only to ensure students will have the opportunity to respond in writing to information from both texts. Between 25 and 40% of all other items written in the dual-text set should be written across texts.

The title of each text should be included in the stem when more than one text is used. Dual-text is considered long text.

Accessibility

Refer to the Smarter Balanced Assessment Consortium: Usability, Accessibility, and Accommodations Guidelines for information on accessibility.

Task Model 1

Allowable Item Types

Multiple Choice, single correct response

Depth of Knowledge

R-DOK2

Level 2 includes the engagement of some mental processing beyond recalling or reproducing a response; it requires both comprehension and subsequent processing of text or portions of text. Intersentence analysis of inference is required. Some important concepts are covered but not in a complex way. Standards and items at this level may include words such as summarize, interpret, infer, classify, organize, collect, display, compare, and determine whether fact or opinion. Literal main ideas are stressed. A Level 2 assessment item may require students to apply some of the skills and concepts that are covered in Level 1.

Target Evidence Statement

The student will determine a theme or central idea/main idea of a text using supporting evidence.

Task Description

The **item stem** will pose a question that requires the student to 1) determine a theme or central idea/main idea, 2) identify a key event or idea that supports a theme or central idea/main idea, 3) identify a statement summarizing the key event(s) in a portion of the text, or 4) identify a key event that is missing from a text summary.

The **answer choices** will present four options of similar structure. The correct answer will be clearly discernible and correct. The **distractors** will be plausible to students who 1) misinterpret details in the text or 2) make erroneous analyses about the significance of ideas and details. The distractors should not contain sequencing errors or other errors that reflect DOK 1 skills.

Distractors will reflect common student errors.

Rationales should state the justification for the type of plausible distractor.

Appropriate Stems

- Which sentence best [shows/tells/describes] the [theme/main idea] of the passage?
- Which sentence best [shows/tells/describes] the [theme/main idea] of the [story/poem] told by the [narrator/speaker]?
- Which sentence best [shows/tells/describes] [the author's/character's name's] message about [provide theme/main idea]?
- Read the [sentences/lines/paragraph(s)]. [excerpt from text]
What is the [theme/main idea] of the [sentences/lines/paragraph(s)]?
- Which [sentences/lines/paragraph(s)] from the passage best [shows/tells/describes] the [theme/main idea]?
- Which sentence best summarizes the [first paragraph/introductory paragraph]?
- Read the [sentences/lines/paragraph(s)]. [excerpt from text]
Which sentence best summarizes the [sentences/lines/paragraph(s)]?
- Which sentence best summarizes the passage?
- Which sentence best summarizes what happens after [provide plot]?
- Read this summary.
[summary of a section of the text; one key detail/event is missing] Which [key detail/event] is missing from the summary?
Note: The correct answer should be a pivotal key event or idea.

Appropriate Stems for Dual-Stimuli

- What [theme/main idea] can be found in both [title text #1] and [title text #2]?
NOTE: This stem can only be used with two literary passages.
- What [theme/main idea] from [title text #1] is made clear by the description of [provide an idea/event/character/etc.] in [title text #2]?

Scoring Rules

Correct response: 1 point; Incorrect response: 0 points

Task Model 2

Allowable Item Types

Multi-Select, multiple correct response

Depth of Knowledge

R-DOK2

Level 2 includes the engagement of some mental processing beyond recalling or reproducing a response; it requires both comprehension and subsequent processing of text or portions of text. Intersentence analysis of inference is required. Some important concepts are covered but not in a complex way. Standards and items at this level may include words such as summarize, interpret, infer, classify, organize, collect, display, compare, and determine whether fact or opinion. Literal main ideas are stressed. A Level 2 assessment item may require students to apply some of the skills and concepts that are covered in Level 1.

Target Evidence Statement

The student will determine a theme or central idea/main idea of a text using supporting evidence.

Task Description

The **item stem** will prompt the student to 1) determine a theme or central idea/main idea, or 2) select the statements that should be included in a summary of key events or ideas in the text or in a portion of the text. The item stem will prompt students to choose two answers.

The **answer choices** will present five or six options of similar structure. Of the options, there will be two correct answers. The correct answers will be relatively short statements that identify the theme or central idea(s)/main idea(s) presented in the text or they will be statements that should be included in the text summary. The **distractors** will be relatively short statements that are not central idea(s)/main idea(s) or do not belong in the summary because they 1) include an idea or event that reflects a misinterpretation of text details or 2) include one or more ideas or events that are not key text details. The distractors will not contain details of such insignificance that the options are implausible.

Distractors will reflect common student errors.

Rationales should state the justification for the type of plausible distractor.

Appropriate Stems

- Choose two sentences that best [shows/tells/describes] the [theme(s)/main idea(s)] presented in the passage.
- Choose two sentences that should be included in a summary of [the text/section of the text].

Scoring Rules

All correct responses: 1 point; All other responses: 0 points

Task Model 3

Allowable Item Types

Evidence-based Select Response, two-part multiple choice response (EBSR);

Depth of Knowledge

R-DOK2

Level 2 includes the engagement of some mental processing beyond recalling or reproducing a response; it requires both comprehension and subsequent processing of text or portions of text. Intersentence analysis of inference is required. Some important concepts are covered but not in a complex way. Standards and items at this level may include words such as summarize, interpret, infer, classify, organize, collect, display, compare, and determine whether fact or opinion. Literal main ideas are stressed. A Level 2 assessment item may require students to apply some of the skills and concepts that are covered in Level 1.

Target Evidence Statement

The student will determine a theme or central idea/main idea of a text using supporting evidence.

Task Description

This item has two parts. The **item stem of PART A** will pose a question that requires the student to determine a theme or central idea/main idea of the text.

The **answer choices of PART A** will present four options of similar structure. The correct answer will be a clearly discernible and correct description of a theme or central idea/main idea of the text. The distractors will be statements that may be plausible to students who 1) misinterpret details in the text or 2) make erroneous analyses about the significance of ideas and details.

The **item stem of PART B** will prompt the selection of a detail from the text that provides evidence for the identification the student made in PART A.

The **answer choices of PART B** will present four options. The correct answer will be a text detail that supports the theme or central idea/main idea identified in Part A. The distractors will be text details that provide plausible support for the distractors in PART A.

Distractors will reflect common student errors.

Rationales should state the justification for the type of plausible distractor.

NOTE: Avoid answer choices in the two parts of the item that obviously correspond to one another such that selecting a particular answer choice in Part A directly determines which answer choice will be selected in Part B. Thus, some or all answer choices in Part B should provide plausible support for more than one answer choice in Part A.

NOTE: When using an excerpt in Part A, answer choices for Part B must come entirely from the excerpt or entirely from elsewhere in the text; they cannot be a combination of the two.

Appropriate Stems

Lead-In: The following question has two parts. First, answer part A. Then, answer part B.

Appropriate Stems for PART A:

- Which sentence best [shows/tells/describes] the [theme/main idea] of the text?
- Which sentence best [shows/tells/describes] the [author's/character's] [message/main idea]?
- Read the [sentences/lines/paragraph(s)]. [excerpt from text]
Which [theme/main idea] is [shows/tells/describes] in the [sentences/lines/paragraph(s)]?

Appropriate Stems for PART B:

- Which [sentence(s)/line(s)/paragraph(s)] from the passage best [support(s)/is (are) an example] your answer in part A?

Appropriate Stems for Dual-Stimuli

PART A:

- What [theme/main idea] can be found in both [title text #1] and [title text #2]?
NOTE: This stem can only be used with two literary passages.
- What [theme/main idea] from [title text #1] is made clear by the description of [provide an idea/event/character/etc.] in [title text #2]?

PART B:

- Which [sentence(s)/line(s)/paragraph(s)] from [title text #1] best [support(s)/is (are) an example] your answer in part A?
- Which [sentences/lines/paragraphs] from [title text #1] and [title text #2] best [support(s)/is (are) an example] your answer in part A?
NOTE: This stem can only be used with two literary passages.

Scoring Rules

Correct response for both parts: 1 point; Incorrect response for either or both parts: 0 points

Task Model 4

Allowable Item Types

Hot Text, select text

Depth of Knowledge

R-DOK2

Level 2 includes the engagement of some mental processing beyond recalling or reproducing a response; it requires both comprehension and subsequent processing of text or portions of text. Intersentence analysis of inference is required. Some important concepts are covered but not in a complex way. Standards and items at this level may include words such as summarize, interpret, infer, classify, organize, collect, display, compare, and determine whether fact or opinion. Literal main ideas are stressed. A Level 2 assessment item may require students to apply some of the skills and concepts that are covered in Level 1.

Target Evidence Statement

The student will determine a theme or central idea/main idea of a text using supporting evidence.

Task Description

The **item stem** will pose a question that requires the student to 1) select detail(s) that support a theme or central idea/main idea or 2) identify a section of the text that contains a key idea or event that is missing from a summary of the text. The item stem will indicate one or two options.

The **answer choices** will be selectable lines, sentences, paragraphs, sections from the text, or other selectable text. The text selection will be whole, continuous, and consecutive sections taken directly from the text, or other text provided. Sentences can be grouped into multi-sentence options. There will be one or two correct answers. The correct answer(s) will be the selectable sections of text that reveal(s) theme(s) or central idea(s)/main idea(s) of the text or contain(s) the missing key event(s). The **distractors** will be lines, sentences, or paragraphs that are plausible to students who 1) misinterpret details in the text or 2) make erroneous analyses about the significance of ideas and details.

Distractors will reflect common student errors.

Rationales should state the justification for the type of plausible distractor.

NOTE: If there are too many defensible options (check every possibility), do not use this item type; use Multiple Choice (Task Model 1) or Multiple Select (Task Model 2).

Appropriate Stems

- Click on [one/two] [sentence(s)/line(s)/set of lines/paragraph(s)] that best [shows/tells/describes] the [theme/main idea] of [the text/section of the text]. Choose [one/two] answer(s).
[excerpted selectable text]
- Read this summary of [the text/section of the text].
[summary of a section of the text; one key detail/event is missing] A [key event/detail] is missing from the summary. Click on the [sentence(s)/line(s)/set of lines/paragraph(s)] that include(s) the missing [event/detail]. Choose [one/two] answer(s).
NOTE: The correct answer(s) should be a pivotal key idea or event.
- Click on the [one/two] [key detail(s)/event(s)] that should be included in a summary of the text.
NOTE: The correct answer(s) should be a pivotal key idea or event.

Scoring Rules

All responses correct: 1 point; Any other response combination: 0 points

Task Model 5

Allowable Item Types

Short Text, constructed response (WR)

Depth of Knowledge

R-DOK3

Deep knowledge becomes more of a focus at Level 3. Students are encouraged to go beyond the text; however, they are still required to show understanding of the ideas in the text. Students may be encouraged to explain, generalize, or connect ideas. Standards and items at Level 3 involve reasoning and planning. Students must be able to support their thinking. Items may involve abstract theme identification, inference across an entire passage, or students' application of prior knowledge. Items may also involve more superficial connections between texts.

Target Evidence Statement

The student will determine a theme or central idea/main idea of a text using supporting evidence.

Task Description

The item stem will prompt the student to 1) determine a theme or central idea/main idea of the text and support their response with evidence from the text or 2) summarize key events from a section of the text.

Short Text (constructed response) items are only written to long stimuli and will not ask students to summarize the entire text.

Short text items must require students to cite specific textual evidence to support ideas drawn from the text(s).

Examples will reflect common student responses.

Appropriate Stems

- Determine the [theme/main idea] of the passage. Explain the [theme/main idea] using key details from the passage to support your answer.
- What is the [theme/main idea] of the passage? Explain using key details from the passage to support your answer.
- Read the [sentence(s)/line(s)/paragraph(s)]. [excerpt from text]
What is the author's main idea in the [sentence(s)/line(s)/paragraph(s)]? Explain using key details from the passage to support your answer.
- Summarize the [first paragraph/introductory paragraph]. Use key [details/events] from the passage in your summary.
- Read the [sentences/lines/paragraph(s)]. [excerpt from text]
Summarize the [sentences/lines/paragraph(s)]. Use key [details/events] from the passage in your summary.
- Summarize what happens [after/during] [provide text event]. Use key [details/events] from the passage in your summary.

Appropriate Stems for Dual-Stimuli

- What [theme/main idea] can be found in both [title text #1] and [title text #2]? Explain using key details from both passages to support your answer.
NOTE: This stem can only be used with two literary passages.
- What [theme/main idea] from [title text #1] is made clear by the description of [provide an idea/event/character/etc.] in [title text #2]? Explain using key details from [title text#1] to support your answer.

Scoring Rules

Items are worth a possible two points (0,1,2) and responses are hand-scored. Rubrics should be customized for the individual item.
