

English Language Arts • Grade 5 • Claim 1 • Target 4

Grade 5

Claim 1

Reading

Students can read closely and analytically to comprehend a range of increasingly complex literary and informational texts.

Target 4

Reasoning & Evidence

Make an inference or draw a conclusion about a text OR make inferences or draw conclusions in order to compare texts (e.g., characters, setting, events, point of view, themes, topics) and use supporting evidence as justification / explanation.

Standards

RL-1

Quote accurately from a text when explaining what the text says explicitly and when drawing inferences from the text.

RL-3

Compare and contrast two or more characters, settings, or events in a story or drama, drawing on specific details in the text (e.g., how characters interact).

RL-6

Describe how a narrator's or speaker's point of view influences how events are described.

RL-9

Compare and contrast stories in the same genre (e.g., mysteries and adventure stories) on their approaches to similar themes and topics.

Clarifications

Items require **students** to analyze a text (or texts) by making inferences or drawing conclusions about characters, setting, events, point of view, or themes, etc. Additionally, students will apply key evidence from the text(s) to support and explain their inference(s)/conclusion(s).

All items should require students to cite specific textual evidence to support conclusions drawn from the text(s).

Range Achievement Level Descriptors

Level 1

Level 1 students should be able to minimally use, with significant support (e.g., within highlighted text or a shorter passage), supporting evidence to justify their own interpretations (theme, events, conflicts/challenges, setting, character development/interactions, point of view) in texts of low complexity.

Level 2

Level 2 students should be able to use, with minimal support (e.g. directive or general feedback), some supporting evidence to partially justify their own interpretations (theme, events, conflicts/challenges, setting, character development/interactions, point of view) in texts of moderate complexity.

Level 3

Level 3 students should be able to adequately use supporting evidence to justify their own interpretations (theme, events, conflicts/challenges, setting, character development/interactions, point of view) in texts of moderate-to-high complexity.

Level 4

Level 4 students should be able to use thorough and insightful supporting evidence to justify their own interpretations (theme, events, conflicts/challenges, setting, character development/interactions, point of view) in texts of unusually high complexity.

Evidence Required

1. The student will make an inference about a literary text or texts and identify details within the text or texts that support that inference.
-

Item Guidelines

Depth of Knowledge

R-DOK3

Deep knowledge becomes more of a focus at Level 3. Students are encouraged to go beyond the text; however, they are still required to show understanding of the ideas in the text. Students may be encouraged to explain, generalize, or connect ideas. Standards and items at Level 3 involve reasoning and planning. Students must be able to support their thinking. Items may involve abstract theme identification, inference across an entire passage, or students' application of prior knowledge. Items may also involve more superficial connections between texts.

Allowable Item Types

Evidence-based Select Response, two-part multiple choice response (EBSR);

Hot Text, select text

Short Text, constructed response (WR)

Stimuli

Passages

Each text must include explicitly and implicitly stated details that can be used to make inferences and provide conclusions.

Refer to Smarter Balanced Assessment Consortium: English Language Arts & Literacy Computer Adaptive Test (CAT) and Performance Task (PT) Stimulus Specifications for more information on literary text types.

Dual-Text Stimuli

When a dual-text set contains one literary and one informational text, the literary text (text #1) is the primary focus, and the set of items must include items from the literary stimulus as well as items written across both texts. The informational text (text #2) **must only** be used as a foundational piece for the literary text, and no items can be written for **only** the informational text. If both texts are literary, items may be written to either or both. In all dual-text stimuli sets, between 25 and 40% of the items should be written across both texts.

When developing items from dual-text, Task Model 5 (short text constructed response-WR) should be written using the *Appropriate Stems for Dual-Text Stimuli* only to ensure students will have the opportunity to respond in writing to information from both texts. Between 25 and 40% of all other items written in the dual-text set should be written across both texts.

The title of the each text should be included in the stem when more than one text is used. Dual text is considered long text.

Accessibility

Refer to the Smarter Balanced Assessment Consortium: Usability, Accessibility, and Accommodations Guidelines for information on accessibility.

Task Model 1

Allowable Item Types

Evidence-based Select Response, two-part multiple choice response (EBSR);

Depth of Knowledge

R-DOK3

Deep knowledge becomes more of a focus at Level 3. Students are encouraged to go beyond the text; however, they are still required to show understanding of the ideas in the text. Students may be encouraged to explain, generalize, or connect ideas. Standards and items at Level 3 involve reasoning and planning. Students must be able to support their thinking. Items may involve abstract theme identification, inference across an entire passage, or students' application of prior knowledge. Items may also involve more superficial connections between texts.

Target Evidence Statement

The student will make an inference about a literary text or texts and identify details within the text or texts that support that inference.

Task Description

This item has two parts. The **item stem of PART A** will prompt the selection of a statement that requires the student to make an inference OR draw a conclusion about the text.

The **answer choices of PART A** will present four options of similar structure. The correct answer will be a statement that reflects an inference made or conclusion drawn about the text. The distractors will be statements that would be plausible to students who 1) misinterpret details in the text, 2) make erroneous inferences OR conclusions about the text, OR 3) apply faulty reasoning about the text.

The **item stem of PART B** will pose a question about the details that support the inference made OR conclusion drawn in PART A. This part of the item will provide students the opportunity to identify the textual evidence used to draw the conclusion OR make the inference.

The **answer choices of PART B** will present four options of a line or lines taken directly from the text. The correct answer will be a line or lines that support the inference made OR conclusion drawn. The distractors will be a line or lines taken directly from the text that 1) support an erroneous inference OR conclusion OR 2) do not directly support the inference made OR conclusion drawn.

Distractors will reflect common student errors.

Rationales should state the justification for the type of plausible distractor.

NOTE: Avoid answer choices in the two parts of the item that obviously correspond to one another such that selecting a particular answer choice in Part A directly determines which answer choice will be selected in Part B. Thus, some or all answer choices in Part B should provide plausible support for more than one answer choice in Part A.

NOTE: When using an excerpt in Part A, answer choices for Part B must come entirely from the excerpt or entirely from elsewhere in the text; they cannot be a combination of the two.

Appropriate Stems

Lead In: This question has two parts. First, answer part A. Then, answer part B.

Appropriate Stems for PART A:

- Which of these inferences about [provide character's name/setting/event/author's point of view/theme/topic/etc.] is supported by the passage?
- What inference can be made about [provide character's name/setting/event/author's point of view/theme/topic/etc.]?
- What inference can be made about the narrator's feelings toward [provide character's name/setting/event/etc.]?
- What inference can be made about [provide character's name]'s relationship with [provide character's name]?
- Which of these conclusions about [provide character's name/setting/event/author's point of view/theme/topic/etc.] is supported by the passage?
- What conclusion can be drawn about [provide character's name/setting/event/author's point of view/theme/topic/etc.]?
- What conclusion can be drawn about the narrator's feelings toward [provide character's name/setting/event/etc.]?
- What conclusion can be drawn about [provide character's name]'s relationship with [provide character's name]?
- What did the author **most likely** mean by including [provide character's name/setting/event/other reference/etc.] in the passage?
- Read the **excerpted text** /set(s) of lines/paragraph(s).
[excerpted text]
What did the author **most likely** mean by including [provide character's name/setting/event/other reference/etc.] in the passage?

Appropriate Stems for PART B:

- Which [sentence(s)/line(s)/set(s) of lines/paragraph(s) from the passage **best** support(s) your answer in part A?

- Which [sentence(s)/line(s)/set(s) of lines/paragraph(s) from the passage **best** support(s) the [inference made/conclusion drawn] in part A?

Appropriate Stems for Dual-Stimuli

PART A:

- Read the [sentence(s)/line(s)/set(s) of lines/paragraph(s) from [title text #2].
[excerpt from text]
Based on this information, [what inference can be made/what can a reader infer] about [provide character's name/setting/event/theme/topic/character-narrator point of view] in [title text #1]?
- Read the [sentence(s)/line(s)/set(s) of lines/paragraph(s) from [title text #2].
[excerpt from text]
Based on this information, [what conclusion can be drawn/what can a reader conclude] about [provide character's name/setting/event/theme/topic/character-narrator point of view/etc.] in [title text #1]?

PART B:

- Which [sentence(s)/line(s)/set of lines/paragraph(s)] from [text #1 name] **best** support(s) your answer in part A?

Scoring Rules

Correct response for both parts: 1 point; Incorrect response for either or both parts: 0 points

Task Model 2

Allowable Item Types

Hot Text, select text

Depth of Knowledge

R-DOK3

Deep knowledge becomes more of a focus at Level 3. Students are encouraged to go beyond the text; however, they are still required to show understanding of the ideas in the text. Students may be encouraged to explain, generalize, or connect ideas. Standards and items at Level 3 involve reasoning and planning. Students must be able to support their thinking. Items may involve abstract theme identification, inference across an entire passage, or students' application of prior knowledge. Items may also involve more superficial connections between texts.

Target Evidence Statement

The student will make an inference about a literary text or texts and identify details within the text or texts that support that inference.

Task Description

This item has two parts. The **item stem of PART A** will prompt the selection of a statement that requires the student to make an inference OR draw a conclusion about the text.

The **answer choices of PART A** will present four options of similar structure. The correct answer will be a statement that reflects an inference made or conclusion drawn about the text. The **distractors** will be statements that would be plausible to students who 1) misinterpret details in the text, 2) make erroneous inferences or conclusions about the text, OR 3) apply faulty reasoning about the text.

The **item stem of PART B** will prompt the selection of details from the text that support the inference made OR conclusion drawn in PART A. The part of the item will provide students the opportunity to identify the textual evidence used to make the inference or draw the conclusion.

The **answer choices of PART B** will be selectable sentences, paragraphs, or sections from the text, or other selectable text. The text selection will be whole, continuous, and consecutive sections taken directly from the text, or other text provided. Sentences can be grouped into multi-sentence options. There will be **one** correct answer. The correct answer will be the selectable sections of text that provide support for the inference made or conclusion drawn. The **distractors** will be details that 1) support an erroneous inference OR conclusion OR 2) do not directly support the inference made or conclusion drawn.

Distractors will reflect common student errors.

Rationales should state the justification for the type of plausible distractor.

NOTE: If there are too many defensible options (check every possibility), do not use this item type; use EBSR (Task Model 1).

Appropriate Stems

Lead In: This question has two parts. First, answer part A. Then, answer part B.

Appropriate Stems for PART A:

- Click on the statement that **best** provides an inference that can be made about the narrator's feelings toward [provide character's name/setting/event/etc.].
- Click on the statement that **best** provides an inference that can be made about [provide character's name]'s relationship with [provide character's name].
- Click on the statement that **best** provides an inference about [provide character's name/setting/event/author's point of view/theme/topic/etc.] that is supported by the passage.
- Click on the statement that **best** provides a conclusion that can be drawn about [provide character's name/setting/event/author's point of view/theme/topic/etc.].
- Click on the statement that **best** provides a conclusion that can be drawn about the narrator's feelings toward [provide character's name/setting/event/etc.].
- Click on the statement that **best** provides a conclusion that can be drawn about [provide character's name]'s relationship with [character's name].
- Click on the statement that **best** describes what the author **most likely** meant by including [provide character's name/event/other reference/etc.] in the passage.

Appropriate Stems for PART B:

- Click the [sentence(s)/line(s)/set of lines/paragraph(s)] from the passage that **best** support(s) your answer in part A. Choose **one** option. [excerpted selectable text]
- Click the [sentence(s)/line(s)/set of lines/paragraph(s)] from the passage that **best** supports the [inference made/conclusion drawn] in part A. Choose **one** option. [excerpted selectable text]

Appropriate Stems for Dual-Stimuli

PART A:

- Read the [sentence(s)/line(s)/set of lines/paragraph(s)] from [title text#2].
[excerpt from text]
Based on this information, [what inference can be made/what can a reader infer] about [provide character's name/setting/event/theme/topic/ /etc.] in [title text #1]?
- Read the [sentence(s)/line(s)/set of lines/paragraph(s)] from [title text #2].
[excerpt from text]
Based on this information, [what conclusion can be drawn/what can a reader conclude] about [provide character's name/setting/event/theme/topic/ /etc.] in [title text #1]?

PART B:

- Click on the [sentence(s)/line(s)/set of lines/paragraph(s)] from [title text #1] that **best** support(s) your answer in part A.

Scoring Rules

Correct response for both parts: 1 point; Incorrect response for either or both parts: 0 points

Task Model 3

Allowable Item Types

Short Text, constructed response (WR)

Depth of Knowledge

R-DOK3

Deep knowledge becomes more of a focus at Level 3. Students are encouraged to go beyond the text; however, they are still required to show understanding of the ideas in the text. Students may be encouraged to explain, generalize, or connect ideas. Standards and items at Level 3 involve reasoning and planning. Students must be able to support their thinking. Items may involve abstract theme identification, inference across an entire passage, or students' application of prior knowledge. Items may also involve more superficial connections between texts.

Target Evidence Statement

The student will make an inference about a literary text or texts and identify details within the text or texts that support that inference.

Task Description

The item will prompt the student to make an inference OR draw a conclusion about characters, point of view, themes, setting, plot) about the text AND support that analysis with details from the text.

The **item stem** will prompt the student to 1) make an inference about the text and support their response with evidence from the text or 2) draw a conclusion from the text and support their response with evidence from the text.

Short text items require students to cite specific textual evidence to support ideas drawn from the text(s).

NOTE: Constructed Response (Short Text) items will be written to long literary passages.

Examples will reflect common student responses.

Appropriate Stems

- What inference can be made about [provide character's name/setting/event/theme/topic]? Explain using key details from the passage to support your answer.
- What inference can be made about the narrator's feelings toward [provide character's name/setting/event]? Explain using key details from the passage to support your answer.
- What inference can be made about [provide character's name] relationship with [provide character's name]? Explain using key details from the passage to support your answer.
- What conclusion can be drawn about [provide character's name/setting/event/theme/topic]? Explain using key details from the passage to support your answer.
- What conclusion can be drawn about the narrator's feelings toward [provide character's name/setting/event]? Explain using key details from the passage to support your answer.
- What conclusion can be drawn about [provide character's name] relationship with [provide character's name]? Explain using key details from the passage to support your answer.
- Based on the passage, [what conclusion can be drawn/what can a reader conclude] about [the author/the speaker/the narrator/or provide character's name]'s [thoughts/beliefs] about [provide character's name/provide information about character/idea/event in the text]? Explain using key details from the passage to support your answer.
- Based on the passage, [what inference can be made about/what can a reader infer] about [the author/the speaker/the narrator/or provide character's name]'s [thoughts/beliefs] about [provide character's name/provide information about character/idea/event in the text]? Explain using key details from the passage to support your answer.

Appropriate Stems for Dual-Stimuli

- Read the sentence(s)/line(s)/set of lines/paragraph(s)] from [title text #2].
[excerpt from text]
Based on this information, [what inference can be made/what can a reader infer] about [provide character's name/setting/event/theme/topic/etc.] in [title text #1]? Explain using key details from [title text #1/both passages] to support your answer.
- Read the sentence(s)/line(s)/set of lines/paragraph(s)] from [title text #2].
[excerpt from text]
Based on this information, [what conclusion can be drawn/what can a reader conclude] about [provide character's name/setting/event/theme/topic/etc.] in [title text #1]? Explain using key details from [title text #1/both passages] to support your answer.
- Read the [sentence(s)/line(s)/set of lines/paragraph(s)] from [title text #2].
[excerpt from text]
Based on this information, [what conclusion can be drawn/what can a reader conclude] about [the author/the speaker/the narrator/or

provide character's name]'s [thoughts/beliefs] about [provide character's name/provide information about character/idea/event] in [title text #1]? Explain using key details from from [title text #1/both passages] to support your answer.

- Read the [sentence(s)/line(s)/set of lines/paragraph(s)] from [title text #2].
[excerpt from text]
Based on this information, [what inference can be made/what can a reader infer] about [the author/the speaker/the narrator/or provide character's name]'s [thoughts/beliefs] about [provide character's name/provide information about character/idea/event] in [title text #1]? Explain using details from [title text #1/both passages] to support your answer.

Scoring Rules

Items are worth a possible two points (0,1,2) and responses are hand-scored. Rubrics should be customized for the individual item.
